Art in Public Places - 2008 Rostered Artists

The Public Artist Roster is a roster of professional artists eligible for public art projects administered by the Washington State Arts Commission's Art in Public Places Program.

For the first time, applications and digital images were submitted online via the Arts Commission's website. Program Manager Alice Taylor said, "Our move to digital was positive. Given today's technology, more artists are working with digital images and the online competition resulted in a record number of new applications, with over 330 received by the June deadline."

A professional jury reviewed and recommended artists based on a number of factors including artistic merit and the artist's ability to create art on a public scale. Jury members include artists and arts professionals, and change each time a competition is held.

Of the 236 artists and teams now on the roster, 60% are based in the Pacific Northwest and 39% are from other parts of the United States and Canada. The current roster includes an additional 167 artists and artist teams.

The artists accepted into the Public Artist Roster in 2008 are:

- Jose Antonio Aguirre, Pasadena, CA
- Anne Appleby, Clancy, MT
