m Layout

Path AAA Heritage Road

m Layout

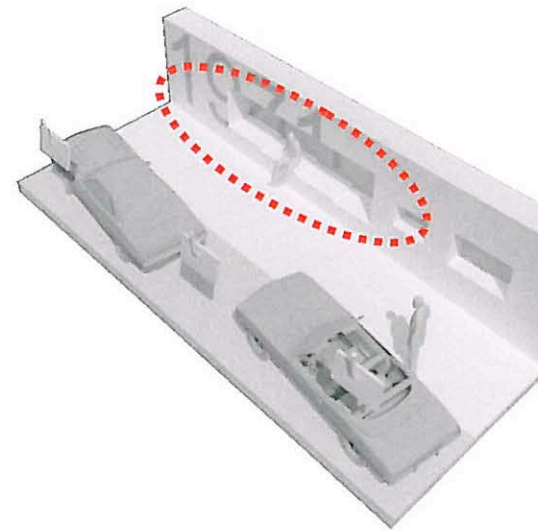

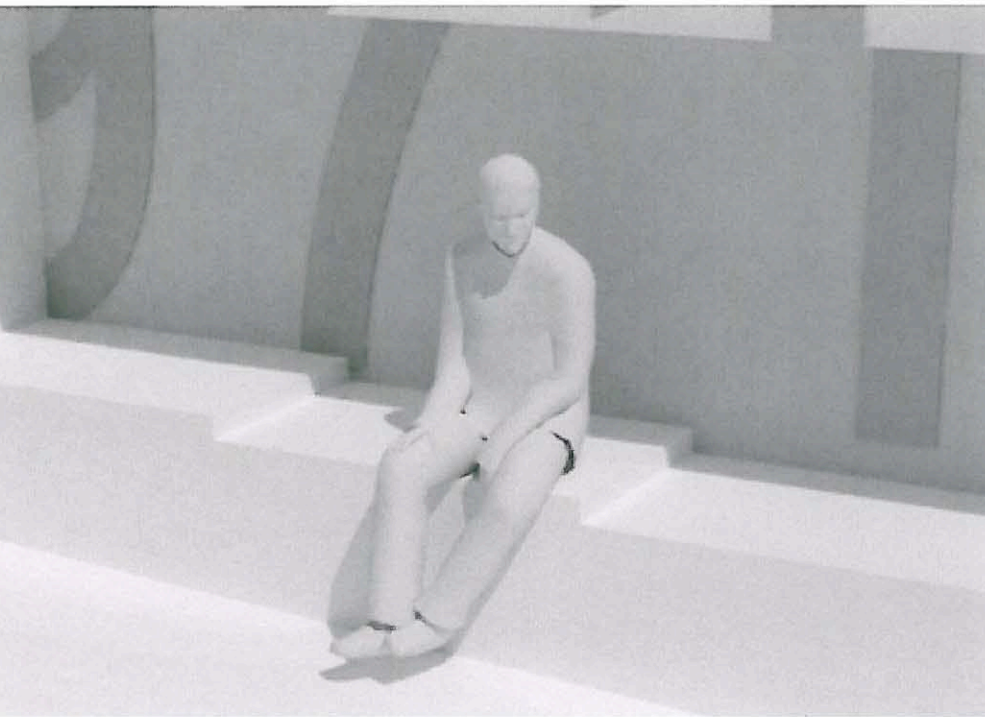

Each era will have a selection of vehicles that best suit the time period. The vehicles are angled at 20 degrees to allow for a good front and side view. The number of vehicles on the ramp is 250. The width of the ramp is 17 feet.

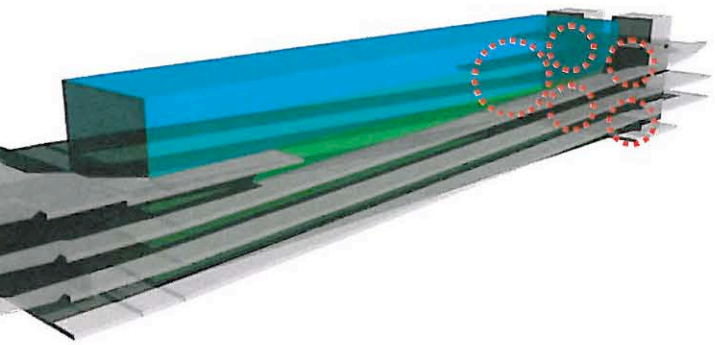

m Layout

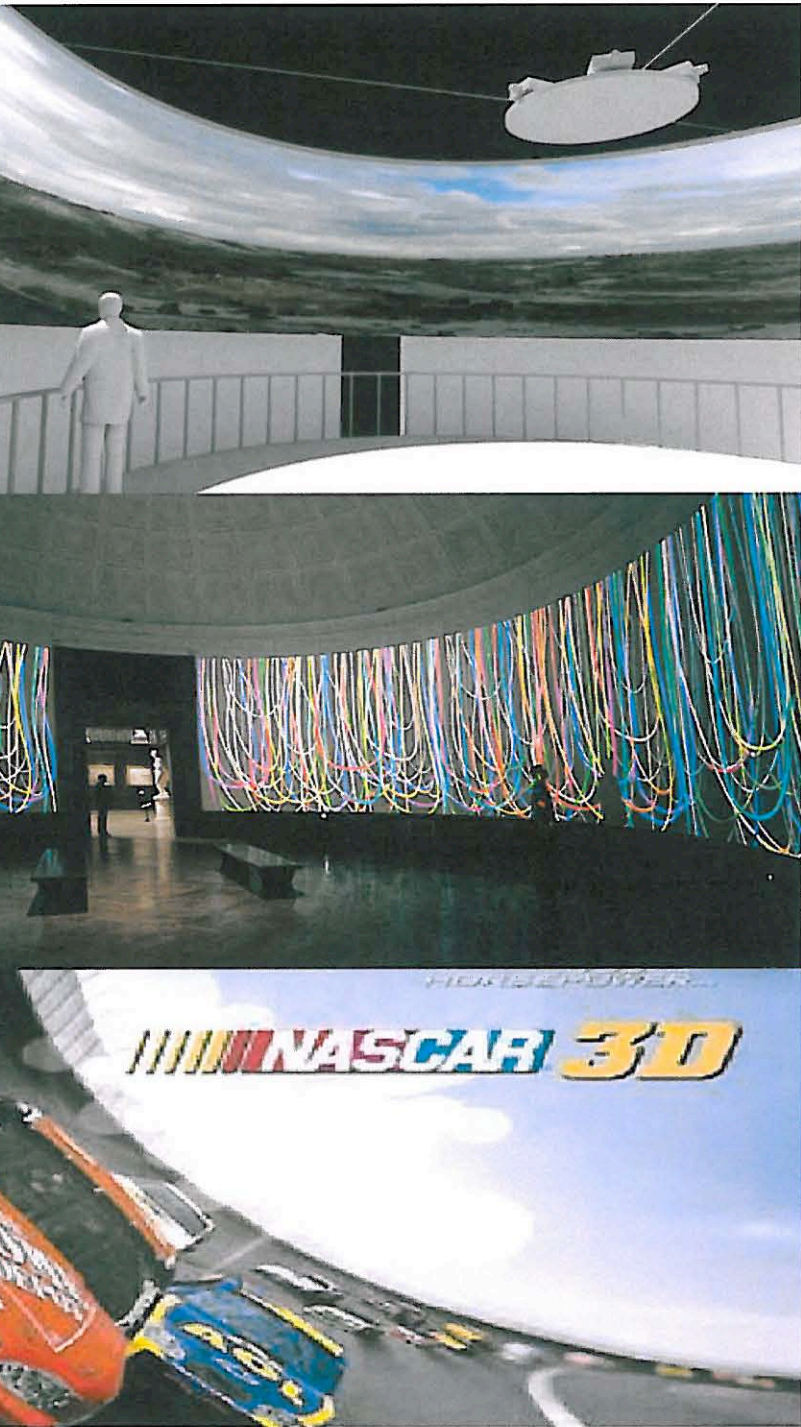

Seating Niche'

Seating is placed continuously along the pedestrian ramp to allow the visitor ample opportunity to sit down and view the vehicles for extended periods of time.
