Hello Sir/Madam,  
 You are reading this e-mail courtesy of a mass recruitment exercise embarked upon by our company, Rehabilitation center for handicapped, an institution that strives so hard to sustain and help improve the quality of life of children & handicapped in many modern-day underdeveloped countries and give them a hope for the future.

We are an organization with a remarkable heritage, our primary objective is demonstrated in our role in raising funds towards helping sick and disabled children. You are hereby presented with a chance to be a our representative and earn between \$3000 - above, monthly (TAX FREE) while directly helping in saving the life of less-privileged kids all over the world.

The high point of your involvement would be that private donations will be made available to you from our esteemed donors in the UK, US, Canada, Europe (and other parts of the world) in form of western union and bank wire transfers only.

You would be required to cash the payments and deduct a certain percentage (20%) of the total amount of the donations which come to us through you. This serves as your remuneration for the great service you would be rendering in support of saving lives of kids in the third-world countries. Balances (80% of all payments) shall be required to be forwarded to the company through our Regional Coordinators in France or any other of our regional branches worldwide.

"Remember, the lives of these children "less privileged" depends on your good work and trust because, trust is all we need to make the world a better place to live in" Interested Participants should fill the application form below
